

Your Medicare Benefit

As a Medicare licensed agency, Liberty at Home, Division of Home Health, will work closely with your physician to provide you with the services you need. To qualify for Medicare home health services, you are required to meet the following criteria:

- Be under a physician's care and plan of treatment
- Be confined to home and unable to leave without considerable difficulty for more than short periods of time
- Be in need of a skilled professional to provide care: either a Registered Nurse or a Physical, Occupational or Speech Therapist
- Be in need of intermittent care, not continuous care
- Have a Medicare card
- Be using a Medicare certified home care agency

After receiving a referral from your physician, you will receive a phone call from a Liberty at Home nurse who will then schedule your first appointment, usually within 24 hours of the call. Our mission is to provide exceptional health care services using a holistic, family-centered and personalized approach. We promote spiritual, physical and psycho-social wholeness.
